

JANOME Model MC8200QCP Special Edition

Part of the new generation of long-arm models, the stunning HORIZON MC8200QCP Special Edition combines practicality with an exciting range of easy to use features. This machine is consistent and reliable for all your sewing needs with the luxury of added space, 280mm (11") to the right of the needle. The built-in AcuFeed system, easy change needle plate and five white LED lights help make sewing a breeze especially on larger projects.
