General and Embroidery Features

Benefits

Advanced needle threading system	No more stress when threading. Follow the thread guide, and use the needle threader lever with one finger.
Convenient controls	For ease of use, all operating buttons are on one convenient panel - thread cutter, needle position up/down, Start/Stop function.
Colour LCD touch screen	Manage all the functions with a simple touch of the easy-to-read 3.7" colour LCD high resolution display (432 x 240 pixels). Includes icons and 15 languages.
Built-in font styles	11 built-in font styles make it easy for you to personalise all your sewing and embroidery projects.
Super Bright LED Light	A bright, but gentle on the eye light, makes it easier to work on dark fabrics.
Bobbin winding system	Quick and easy way to wind lower thread! Just load the bobbin on the winder and the thread guide will show you which way to go.
100 x 100 mm embroidery area	Just set the embroidery unit and frame, select the pattern and you are ready to embroider. Additional frames are also available separately.
USB Port to import designs	Just insert a USB flash drive and load your embroidery design directly to the machine.
Combine embroidery patterns	Several designs can be embroidered together by combining patterns and pressing the "Add" button on the screen.
Quick-set bobbin	Just drop in a full bobbin and you are ready to go. There's a lower bobbin sensor which will warn you when the bobbin is running low. Also equipped with an upper thread sensor.
200 embroidery patterns included	Choose from a variety of sophisticated patterns including 65 unique embroidery designs featuring your favourite Disney characters.
Built-in embroidery frame patterns	14 stitch types can be combined with 10 different frame shapes, such as a circle or a square.
Editing on the screen	Powerful editing features include the layout, pattern rotation in 1°, 10° and 90°, mirror imaging and scaling between 90 - 120%.
Automatic thread cutter	Cuts upper and lower thread automatically with the touch of a button.
Wireless connectivity	With wireless connectivity you can transfer additional designs using Design Database Transfer (for Windows devices only), or connect to Artspira, our new creative hub.
Artspira	Reach for the sky and take your crafting even further. Here you will find free designs and projects, or even draw your own custom designs.

Sewing Features

Benefits
