Do you want to get creative? Are you looking for a fast, robust, good value sewing machine that is easy to use and will stand up to the stresses of all your sewing work? Then the models of the bernette 05 series are made for you! Let us introduce you to the b05 CRAFTER and the b05 ACADEMY.

bernette 05 ACADEMY

The bernette 05 ACADEMY is the ideal sewing machine for inspired people. Equipped with a wide range of functions, 30 exclusive stitches and a fast motor, the b05 ACADEMY lets you quickly realise your wildest ideas. For tricky projects that require a slower pace, you can reduce the maximum sewing speed. It comes with an impressive 12 presser foot soles – for every sewing task, an easy-to-attach finger guard and even more sewing space with the large, convenient extension table. Who knows what ideas you'll have tomorrow? The b05 ACADEMY will always be there for you.

bernette 05 CRAFTER

The rugged bernette 05 CRAFTER is the sewing machine for creative all-rounders. From beautiful clothes to trendy accessories, you can finish your projects in no time at all. The b05 CRAFTER is super easy to use. You can see all the controls at a glance. With the 30 exclusive stitches included, such as super-stretch stitch and blanket stitch, it offers everything you need. The stitches can be adjusted up to a width of 6 mm and a length of 4 mm. The sewing is brightly illuminated thanks to the two LEDs in two different positions. With the 6 included presser foot soles, you can start sewing your own creations. Whether you make them out of fine fabric or strong denim, the bernette 05 CRAFTER will handle it.
