Innov-is VQ2

Now your creativity is limited only
by your imagination

- 473 built-in stitches
- 11¹/₄" (285 mm) long arm
- ICAPS
- Pivot function
- High-speed sewing up to 1,050 stitches per minute

Express your creativity

You love the feel of fabrics, finding perfect patterns and reading about new techniques. Your head is full of ideas and your home is over-run with books, patterns, silks and linens. For you, sewing means creating a work of art. Now, with the Innov-is VQ2's touchscreen and extra-long arm, perfect for larger projects like coats or quilts, you can express yourself on a bigger canvas.

With the Innov-is VQ2, if you can dream it, you can sew it.

Large LCD touchscreen

The large, bright, clear, full-colour LCD touchscreen display offers user-friendly controls to select and adjust stitches. View on-screen tutorials and control the machine with the large, intuitive on-screen icons.

Pivot function

The presser foot automatically lifts as the needle remains lowered for fast and easy fabric manipulation.

My Custom Stitch™

No matter which style of stitch you like, you have the freedom to create your own stitch directly on the LCD panel by using the 'My Custom Stitch'™ feature.

Wide range of included accessories

The Innov-is VQ2 includes a range of standard accessory feet such as a free motion open toe quilting foot and a 1/4" quilting foot with guide.

Now your inspiration knows no bounds. With the Innov-is VQ2, you benefit from the world-famous Brother reliability in an easy-to-use sewing partner that takes your creativity to new levels and inspires fresh ideas. Work with a huge array of fabrics – from the thickest denim and heavy Velour to delicate silks and Chiffons. Create everything from coats to quilts.

Long arm

The extra large long arm (11¹/₄" , 285 mm) gives you more space than ever.

The Innov-is VQ2 gives a wide expanse of space for those extra-large quilting, fashion and home décor projects

Lockstitch key

At the touch of a button, tie-off stitches can be easily sewn at the beginning and end of the stitch.

ICAPS

Helps ensure consistent stitch length on all fabric thicknesses by keeping the presser foot pressure consistent, regardless of fabric thickness, leading to uniform stitch quality across uneven surfaces.

Features and functions

Ultra-bright feature lighting

The ultra-bright LED lighting gives a crisp, bright natural light, so you can see colours and stitch details, no matter what your lighting conditions. The lighting brightness is fully adjustable, so you can set it at a level to suit you and your environment.

Automatic electronic needle threading

Thread the needle at the touch of a button – so simple.

7-point feed

Enhanced longer feed mechanism for superior handling of layered fabrics and smooth precise stitching. Includes multi-directional feed to sew straight in eight directions and in four directions with zig zag.

Handy accessory compartment

Convenient storage for all your accessories.

Central controls

Handy central controls help to make sewing simpler and electronic touchpads provide fingertip control of machine functions.

11 1/4" extra-large sewing space

Create even larger projects with the flexible extra-large sewing space, ideal for quilting projects.

Slide speed control

Adjust the speed from slow to fast. This can also be set to alter stitch width whilst sewing.

Independent bobbin winder

Wind a new bobbin while you continue to sew. Enjoy fingertip control of the bobbin winding speed to suit different thread types. Use the spool pin for twin-needle sewing.

Extra-large colour touchscreen

Simply touch the large clear wide-angle screen to:

- Edit stitches on screen
- Customise your settings
- Change to any one of the 13 built-in languages
- See the clock
- See the on-screen video tutorials and built-in help guides to recommend the perfect setting for your sewing

Quick-set bobbin

Just drop in a full bobbin and be ready to sew immediately.

Knee lifter

Free up your hands using this knee lift to raise/lower the presser foot. Ideal when working on larger projects such as quilts.

2 USB ports

One for USB devices such as a mouse or memory stick to import and export stitches. And a port to connect to a PC for easy machine updates.

Take control and express yourself

Express yourself, with hundreds of stitches including 14 styles of button holes and 5 built-in fonts. Easily control width, length, size and density with the LCD touchscreen. Edit and save every stitch. Save combinations for future use. With the Innov-is VQ2, you're in control.

Decorative stitches

The Innov-is VQ2 includes a range of large decorative stitches that are ideal for home decoration, garment embellishment and quilting projects – perfect for your needs.

Wide stitches

Sew extra-large decorative stitches up to 40 mm wide using the multidirectional feed.

Crazy quilting design

A range of specially designed new crazy quilt stitches is ideal for the avid quilter. These distinctive designs give you a fantastic choice, perfect for any project.

Vintage design

Add beautiful embellishments to your projects with a collection of these vintage-inspired patterns.

Heirloom design

Choose classic heirloom designs for special projects from christening gowns or wedding dresses to fine table linens.

'I Love You' design

Create special stitched pieces for loved ones in 15 different languages with the 'I love you' design.

Optional extras

Direct dual feed

This advanced motor-driven dual-drive foot allows you to feed an incredible array of fabrics (such as denim, silk, stretchy and bulky) with incredible ease.

Open toe dual feed foot

The open toe dual feed foot provides all the functions of the dual feed foot included with the direct dual feed and is recommended for any application where extra visibility in sewing is desired. This foot features a large opening for a wide range of left to right needle positions.

Wide table

Expand the sewing area with this extra-large extension table. Ideal for large quilting and sewing projects. The table includes a measurement guide and storage area for your knee lift.

Circular attachment

With the measured circular attachment, you can create arcs, concentric circles and more. Use the braiding and cording feet to add those all-important finishing touches, like decorative trims and threads.

Free-motion grip

Enjoy the freedom of free-motion embroidery. Grip the fabric securely while moving it easily under the needle.

Side cutter

Create the perfectly cut edges of an overlocker with the side cutter. Cut and overcast fabric edges simultaneously. Get creative with measured and finished straight or zigzag fabric edges.

Multi-function foot controller

Multi-function foot pedal with heel kick and side pedal. Control up to three functions from the foot pedal.

Choose from:

- Thread cutter
- Sewing one stitch
- Reverse stitch
- Needle up/down

The distance between pedals is adjustable and the side pedal can be used on either the left or right side.

Bobbin work

Create reverse "upside down" sewing with speciality decorative threads that don't fit through the eye of the needle.

2-pin spool stand

This 2-pin spool stand holds two large-thread cones and attaches securely to your machine for thread delivery or twin needle sewing.

Vertical stitching alignment foot 'V'

Get precise top-stitching seams on straight and curved lines. The vertical-stitch alignment foot is a snap-on metal foot with visible measuring markings spaced 2 mm apart for use as a fabric guide.

Ruffler foot

In lightweight fabrics, easily create ruffling or pleats with evenly spaced tucks and gathers. Adjusting the tuck intervals is simplicity itself.
